

CrADLE

Creativity in Art&Design
for Learners and Educators

Erasmus+ Programme KA2 – Cooperation for innovation and the exchange of good practices
KA204 – Strategic Partnerships for Adult Education

Project: „Creativity in Art&Design for Learners and Educators“ – CrADLE

Dear reader,

we are happy to share with you the first CrADLE newsletter.

The CrADLE project aims at developing and expanding the competencies of teachers who educate the elderly(54+) in specialized visual expression workshops with an emphasis on using innovative solutions as tools and teaching methods. The specificity of the program that will be developed through this project is that it will educate those teachers who carry out educational programs for the elderly (54+).

The CrADLE project partners are:

1. **Narodno učilište ustanova za obrazovanje i kulturu**, Rijeka, Croatia – project coordinator, www.nar-uciliste.hr
2. **Ljudska Univerza Ormož**, Ormož, Slovenia – partner, www.lu-ormoz.si
3. **IREA – Institut Român de Educație a Adulților**, Timisoara, Romania – partner, www.irea.ro
4. **RUTIS – Association Rede de Universidades da Terceira Idade**, Almeirim, Portugal – partner, www.rutis.pt

During the project we are going to develop curriculums for 11 creative workshops and create a manual for teachers who educate the elderly. The manual will enable educators to acquire additional competencies for teaching the elderly more adequately and efficiently. It will focus on teaching methodology and guidelines on how to understand the elderly, their needs and

problems. The manual will also be of great value to younger teachers. Furthermore, teachers will be able to share this newly acquired knowledge with colleagues in their schools and institutions where they work.

In its totality, the project contributes to raising awareness of the importance of creative expression and creation in the healthy aging process.

After the project is completed, the main dissemination event is planned – the final conference of the project where the results of the project will be publicly presented.

Thank you for your time and patience. The second CrADLE newsletter follows in March 2021.

Kind regards,

Narodno učilište ustanova za obrazovanje i kulturu, Rijeka, Croatia
